[ Outdoor Lighting ]

[ Indoor Lighting ]

## 2. Used High quality aluminum (AL6063) extruded heat sink used

- Our original designed heat sink, Domestic processing
- Quality and heat dissipation efficiency are much higher than Chinese die casting method.
- It can be used in high humidity and high salinity coastal area because it does not rust almost

due to high quality AL6063 and Coating treatment.

### 3. Used High quality LED, PolyCarbonate , PCB & the Other Component

- Most of the products are Samsung LED or Cree LED, and a few are using Osram LED.

We do not use Chinese LEDs.

- Use high-quality PC materials that are also used for automotive headlights.

Therefore, there is no yellowing caused by UV, and it is not broken well.

- We mainly use FR4 PCB of large and reliable company.

### 4. Proven quality

- We have been in lighting business for more than 9 years,

start work for ships working light

- Cumulative sales of 600,000 units, exported to Japan, Dubai, Italy and Norway
- Antarctica Sejong Station, Norwegian Salmon Farm, Dubai Oil Reservoir

POSCO Pohang Factory, Hyundai Motor Ulsan Factory

- Defective rate 0.27%
